

Istrski rubini Cabernet sauvignon 2013

Bright purple-black in appearance. The nose is super-clean and classy though a little closed, with touches of harmonious oak, blackberry fruit and cassis and is just starting to develop a little complexity. To taste, this is a powerful wine but it has lovely fruit purity with juicy blackcurrant notes and a hint of liquorice, followed by nicely textured grainy tannins and a long finish. This is a classy Cabernet Sauvignon by any standards with lots of promise for the future too.

Wine description:

- Variety : 100 % Cabernet sauvignon
- Color : The wine is extremely rich in deep ruby color.
- Aroma : The scent contains notes of ripe dark berries, cherries in spirits, liquorice, coffee, chocolate, spices, forest undergrowth and tobacco. The aroma is extremely complex, ripe fruity, warm and spicy sweet. The development of aromatics is intensified by decantation. In short, an extremely persistent aroma that continues in the structural taste of the wine.
- Taste : The taste impresses with its softness, fullness, ripe fruitiness, spiciness and rich aftertaste, which ends with noble, strong but fine tannins. Definitely a wine with broad shoulders and long maturation potential.
